

How It Works

State Funding

The state's 50/50 match reduces Local Program Partners' average book & mailing cost from \$2.60 per child to \$1.30 per child each month. Because of the state's support, for only \$15.50, you can provide free books to a child for a year! (Instead of \$31.00) This is achieved through funding shared by The Dollywood Foundation and Local Community Partners. In California, the Imagination Library is also supported by a 50% State Match through a partnership with the state.

How can you get involved?

- ✓ Help fund Dolly Parton's Imagination Library in your community. \$15.50 = Books for 1 child for a whole year!
- ✓ Utilize your position as a community leader to advocate this impact of Dolly Parton's Imagination Library in your community.
- ✓ Connect with potential community partners to let them know you are interested in financially supporting Dolly Parton's Imagination Library locally.
